EXPERIENCE

Ringling College Of Art And Design - Motion Designer

Sarasota, Florida • 08/2019 - 05/2023

- Conceptualized ideas for animation and design within a technologically advanced environment, showcased artistic experience, highlighted the power of creativity in a rapidly evolving world.
- Pitched and produced animations by crafting concepts, style frames, animatics, and storyboards to set the stage for visual story telling.
- Enhanced animation skills and techniques by exploring various digital art forms, experimented with different styles and tools to broaden creative horizons.
- Produced top-notch 3D stylized models, utilized controls and constraints to animate characters, and objects in a digital setting using Blender 3D, textured assets for depth and realism, and optimized shaders for smooth performance and polished visuals.

Ringling College Of Art And Design - Graphic Designer

Sarasota, Florida • 08/2019 - 05/2023

- Developed digitally illustrated designs by experimenting with colors, shapes, and textures to create unique and compelling visuals that resonate with the audience.
- Organized personal designs for presentations and feedback by ensuring they are presented in a clear and coherent manner in a sequence that conveys a message, concept, or story.
- Brainstormed innovative ideas on projects to design layouts, mockups, and graphics through collaborative efforts.
- Contributed to the enhancement of creativity to develop artwork for printed and digital products.
